WISDOM TREK

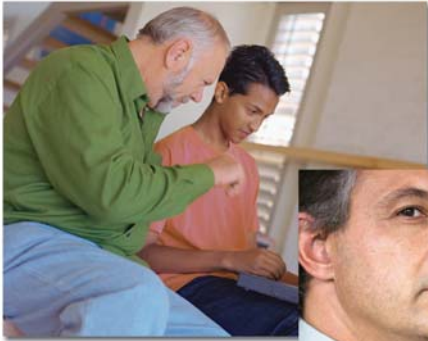

The most stimulating, practical, three days of equipping and networking you'll ever experience

The most important thing one generation can do is to train the next generation. Difference-makers don't just emerge; they are deeply influenced by the life-on-life impact of significant individuals.

This is no ordinary conference! It's three days of coaching in a personal environment on how to mentor a generation. You'll learn leadership principles for all the roles in your life, whether you're a parent wanting to leave a legacy for your children, a pastor wanting to disciple a congregation, a teacher wanting to develop student leaders, or a business operator wanting to coach effective employees.

Your host, Dr. Jeff Myers

March 10-13, 2005
Limited to the first 40 registrants!

*"I first decided to come to **Wisdom Trek** to be equipped for implementing a student mentoring initiative at my school. What I found was a godly source for leadership, vision, and personal development. While going through **Wisdom Trek** the Lord has given me insight into His plan and where I need to devote my time and energy."*

Tor Benestad, Rincon Valley Christian School, Santa Rosa, California
